

2015 Planning Implementation

1. Planning Committee will provide the leadership, support and reporting to achieve our goals.
2. Deanna McGraw will chair the committee
3. Committee will review current committee structure and make recommendation for change to the Board based on the resources needed to achieve objectives.
4. Committee will assist in securing committee chairs and members as needed.
5. Committee chairs or individuals responsible for action steps will provide a brief written report quarterly to the planning committee chair and this will be compiled for the board of directors.
6. Committee chairs or individuals responsible for action steps will communicate with the planning committee chair whenever a problem occurs, resources are needed, or barriers prevent accomplishment of the goal. This communication should occur as needed and not wait for the quarterly report.
7. Committees and individuals may and should begin working on action steps as soon as the plan receives board approval. The plan is a tool for direction not a start/stop event.
