Sunday Sermons

4/7, TODAY, 11:00AM – "Getting to Ye\$"

Dan Secrest, Guest Speaker

We will kick off our annual pledge campaign with a rousing discussion of where we stand as a church, and how we can progress together.

4/14 11: 00AM – "Rostara Revisited"

The Rev. Dr. Stephen Murray Butler, Minister

The Spring Equinox (remember that, back in March?) is significant because it is the time when night and day are of equal length and a time to celebrate balance in all things. Our Celtic, Anglo-Saxon, and Germanic ancestors would celebrate Spring's arrival many ways. Today, as much of Christendom gears up to celebrate Easter in a week, we reflect on Ostara, which would seem to be an origin for modern Christianity's celebration of Easter.

SPIRITUAL RENEWAL SPRING THEME AND EGG HUNT: On April 14th following the church service, we will have a Spring-themed coffee hour, and an egg hunt and activities for the children. Anyone who wishes to bring children or grandchildren are welcome, and it is a wonderful way to introduce young families whom you may know to the church. In order for us to plan accordingly, please let Rev. Murray know at revdrmurray@yahoo.com no later than Sunday, April 7th how many children you may bring on April 14th. Also, if you would be interested in helping set up beforehand, please let Rev. Murray know by April 7th.

SUNDAY POTLUCK: Next Sunday, April 14th, it's time to break out your best recipe and bring it to church! As we begin to add new members, it is a good time to share fellowship and nourishment with the people who nourish us, in return. Remember that everything must come and go the day of the event – we have no refrigerator space to keep things beyond the immediate need. If you have dietary concerns (peanut allergies, and such), please do let us know, so that food can be labeled.

Sing Along: Take Me Out to the Ball Game
words by Jack Norworth,
music by Albert Von Tizer (1908)

Take me out to the ball game,
Take me out with the crowd;
buy me some peanuts and Cracker Jack,
I don't care if I never get back.
Let me root, root, root for the home team,
If they don't win, it's a shame.
For it's one, two, three strikes, you're out,
At the old ball game.

Responsive Reading:

(Speaker lines in *italics*, audience response in **bold**)

The universe is vast, and dark, and cold.

But we are not.

The stars are silent, and ancient, and impossibly far away.

But we are not.

The laws of physics are indifferent to hope, or desperation, or love.

But we are not!

Does anything in the universe care?

Yes! We care! There is light in the world, and it is us!

When you look beneath the roiled surface of human events, you see an arrow beginning tens of thousands of years ago and continuing to the present.

And, looking ahead, you see where it is pointing.

Religion consists of the belief that there is an unseen order,

Our supreme good lies in harmoniously adjusting ourselves thereto.

Our entire notion of good and bad, our whole landscape of feelings;

Are products of the particular evolutionary history of our species.

Human culture evolves in much the way biological species evolve;

New cultural traits arise and may flourish or perish, and as a result whole institutions and belief systems form and change

We are changing the world for the better;

By living according to our principles in cooperation with others.
